## PRESIDENT'S MESSAGE

*We listened, and  
we have made  
changes!*

Last year we surveyed our communities, asking what represents the best of our service, and what they felt would make us even better. Those surveys were collated and the results shared at a public focus group meeting in June. Then, with the professional support of our local and county library directors, we prepared a planning document. It outlines a plan of action in order to ensure that our small library now, and in the future, meets the informational, educational, and recreational needs of our patrons – so important when libraries are needed more than ever!

The survey as well as the planning documents can be found at the library or at the library's website  
[rivertonlibrary.burlco.org](http://rivertonlibrary.burlco.org)

*Special thanks to all who took the  
time to help us improve!*

### *Highlights of the Planning Document*

- **Extending hours** – We're now open on Sundays! Watch for special program events. Students – we're open for study, too!
- **Increasing programming** – We welcome new staff who will continue to create even more new and exciting events for all ages!
- **Expanding the library's website** – News, programs, activities and important links are being added to enhance offsite access to the library's information and services.
- Continuing with our **friendly, personalized library service**.
- **Improving the collection** – Outdated materials are being removed and replaced with new, relevant books and other media, with an emphasis on adult fiction and non-fiction, and young adult materials.
- **Improving access to technology** with the addition of new laptop computers & educational technology programs from BCLS.
